

GWALIOR GLORY HIGH SCHOOL
INTEGRATED EXTENDED LEARNING ACTIVITIES
CLASS - VI
(During Winter Vacations)

“Donate Red, Plant Green and Save Blue.”

ENGLISH

Colours of life : Red, Green and Blue, these three magical colours to jog our memories about the wealth our country once had. Red for Blood, Green for Trees and Plants and Blue for water.

In short, the quote “Donate red, spread green, save blue” suggests the best way of life.

You have been a part of a campaign “Donate Red, Plant Green and Save Blue in your own way in your locality.” Write your experiences in the form of Diary Entry and Informal letter in your class work copy. [Share what you have learnt from the campaign).

Write down adjectives each by using the alphabets of your name

For Ex. : Neha
 N – Natural
 E – Earnest
 H – Harmonic, Honest
 A – Affectionate

HINDI

रक्तदान, वृक्षारोपण तथा जल के महत्व को स्पष्ट करते हुए चित्रों द्वारा A4 साईज कागज़ पर (फाइल में) प्रदर्शित करें।

MATHEMATICS

- What is the percentage of blood demand and blood supply in India?
- How much of blood donated is being wasted by Indian blood banks? Collect data and convert it into percentage.
- How many trees are cut down every day in India? Collect data and write in percentage.

(To be done in Mathematics register)

SCIENCE

Prepare an attractive file folder with display of above mentioned topic on its flap. You can paint or paste pictures and write quotation relevant to the topic.

SOCIAL SCIENCE

- Write a slogan depicting importance of ‘Blood Donation.’
- Make a collage creating awareness among people regarding ‘Plantation’ and ‘Conserving water.’
On A-4 size sheet.

HAVE A WONDERFUL WINTER BREAK!
